McBride Train Station – Accessibility Upgrades – Project No. 707-24

The Corporation of the Village of McBride (Village), invites bids for accessibility upgrades at the McBride Train Station at 1000 1st Avenue, McBride, BC.

The project consists of accessibility upgrades to the McBride Train Station. The main renovated area will be within the existing public washrooms on the main floor of the building. All existing plumbing and light fixtures are to be removed and replaced, as well as all architectural finishes (floors/walls/ceilings). The new washrooms have been designed to be wheelchair accessible, and additional plumbing fixtures have been proposed in order to suit the current occupant load of the building. Other upgrades include replacement of the flooring in the lobby, and the main entrance from 1st Ave is to receive an auto door opener. The mechanical scope includes new washroom fans and new plumbing distribution to suit the revised layouts. Electrical scope includes providing power to all automatic plumbing fixtures, auto door operators, mechanical systems, and new light fixtures. Additional details can be found in the drawings and specifications.

Tender Documents will be available on BC Bid on Tuesday, May 6, 2025 at:

https://bcbid.gov.bc.ca/page.aspx/en/bpm/process_manage_extranet/214251.

A mandatory pre-bid site visit has been scheduled for 11:00am local time on Friday, May 16, 2025. Attendees will meet at Main Street and 1st Avenue, McBride, BC.

Chernoff Thompson Architects North will receive bids for this project on or before 2:00pm local time on Thursday, May 29, 2025, by email at admin@architectsnorth.ca

The lowest or any Tender will not necessarily be accepted. The Village of McBride reserves the right to accept or reject any or all Tenders.
